3 Bedroom, 1.00 Bathroom, 1,140 sqft
Residential on 0.22 Acres

NONE, High Level, Alberta

You've heard that expression "Handy Man Special"? This property is exactly that. There was a fire in the home a few years back so the interior has been gutted with only studs framing each of the bedrooms, bath & kitchen which means you have a clean canvas to work with & redesign this home to fit your expectations. The really great thing is the shingles were replaced just a few years ago so no need to worry about that. The other GREAT things about this property? Location!! Located close to all shopping, recreational facilities and schools, this can truly be a perfect family home. Lot size!! As the property is located in the "more established" area of High Level, you have a VERY large lot with a detached garage, back alley access and tons of room for a garden and still plenty of room for the little ones to run around and play. And,,,,, if you're looking for a revenue property? Once this home is renovated, with the severe lack of rental properties, you will have no issues securing a tenant. Looking for a summer project? This just might be it.
