Situated on a spacious pie lot in Beacon Hill, this exceptional property boasts an oversized 38x22 heated triple-car drive-through garage, RV storage, and a fully fenced backyard—all while being steps from the stunning outdoor trails that make the neighbourhood of Beacon Hill so desirable.

A triple-wide driveway leads to the heated drive-through garage, complete with three overhead doors, a 220V plug, hot and cold taps, and a powerful 60,000 BTU gas heater. The open-concept main level is a showstopper, with a stunning white kitchen showcasing black stainless steel appliances, a custom hood vent, built-in microwave, quartz countertops, and a walk-through pantry that

seamlessly connects to the laundry room and garageâ€”making unloading groceries effortless. The laundry room also features a playful pop of colour, while the nearby powder room stuns with a stylish tile-accented wall. The living room is warm and inviting with a shiplap gas fireplace, complemented by matching shiplap accents in the dining area, creating a modern farmhouse aesthetic throughout.

The second level offers a spacious bonus room with an oversized window overlooking the backyard. Two beautifully designed bedrooms provide ample space, with a thoughtfully placed four-piece bathroom in between. At the end of the hall, the primary suite is a true retreat, complete with a stunning ensuite and a walk-in closet tucked behind a blue barn door that perfectly matches the feature wall behind the headboard.

The lower level is partially developed, featuring a charming fourth bedroom with rustic accents, a stylish three-piece bathroom with a green vanity and striking lighting, and additional space awaiting your personal touch.
